

Dropsafe Pouches

Dropsafe Pouches are safety securing devices designed to secure handheld items used at height (such as two-way radios, portable gas detectors, aerosol spray cans and multimeters).

The Pouch fully encloses the item being secured and tethers the item to the user, preventing it from becoming a dropped or falling objects hazard.

Application

Quotations

Hand held items used at height vary in shape, size and weight. Ensure the items you intend to secure with the Pouch meet the specifications of the Part No. you select. To order, complete the “**General RFQ Form**” (photocopy from Product Guide or download from www.dropsafe.com/resource-centre) and email us at products@dropsafe.com.

Features

Designed and tested to over 2.5 times Safe Working Load (SWL)
